

PRODUCT INFORMATION SHEET

EasyFlow Hand Wash

CODE NO: 969

DESCRIPTION

EasyFlow Hand Wash is a bespoke liquid cleanser designed to perform flawlessly in modern sensor-activated dispensers. Formulated within the optimal 100–2500 cps viscosity range, EasyFlow ensures seamless flow, accurate dosing, and zero clogging - even in high-use commercial environments. EasyFlow is engineered using gentle surfactant technology, premium fragrance notes and a balanced pH to support frequent use without drying the skin.

Created for hotels, offices, washrooms, schools and premium commercial spaces, EasyFlow brings consistency, luxury and effortless performance to every dispense.

BENEFITS

- ✓ PH = 5.5 – 6.5
- ✓ Can be dispensed through pumps
- ✓ Ideal for frequent use
- ✓ Specially formulated to provide an instant rich, creamy foam using a blend of natural soap, conditioner and mild surfactants
- ✓ Safe to use and will not taint food
- ✓ Ideal for use in plastic and stainless steel dispensers

ENVIRONMENTAL ASPECTS

- ✓ PF- Phosphate Free
- ✓ Biodegradable Surfactants
- ✓ Solvent Free

PRODUCT AVAILABILITY

This product is available in 20 L, 15 L, 5 L.

DIRECTIONS FOR USE

For Dispensers:

- Use EasyFlow **undiluted**.
- Suitable for all liquid soap dispensers operating within the **100–2500 cps** viscosity range.
- Before first use, **empty, rinse and flush** the dispenser reservoir to ensure smooth, consistent flow.
- Fill the dispenser slowly to prevent air pockets, then allow the unit to **prime** according to the manufacturer's instructions.
- Keep the sensor and outlet area clean for optimal activation and dispensing performance.

Hand Washing:

1. Apply a small amount of EasyFlow to **wet hands**.
2. Lather thoroughly for **20–30 seconds**, covering palms, fingers, thumbs and wrists.
3. Rinse well under running water.
4. Dry hands completely
