# ERASER+ HAND SCRUB

Available in 5L and  
500mL - Code: 455

Specialised hand cleaner, formulated to effortlessly remove paints, adhesives and resin-based substances that other industrial cleaners struggle with. No harsh petroleum solvents and enriched with skin conditioning agents. Ideal for professionals across a range of industries - automotive refinishing, furniture manufacturing, painting, fibreglass and composite plastics, construction and home improvement.

All Vehicle

+ Automotive

## Superwash

Code: 445

All Vehicle Superwash is a powerful, pH neutral and biodegradable formula designed for any vehicle ranging from scooters to trucks. This super-concentrated product (one litre can be used for up to 100 litres of wash), removes the toughest dirt, mud, grease, grime, soot and bugs leaving a streak-free finish on all surfaces. Suitable for spray, foam or hand washing, this multi-purpose wash also includes rust inhibitors.

Economical, environmentally friendly and phosphate-free.

Available in 5L and 20L
