

Machine Dishwashing Liquid – Non-Caustic & Aluminium Safe

CODE NO: 132

DESCRIPTION

Machine Dishwashing Liquid – Non-Caustic & Aluminium Safe is a premium, low-foaming liquid detergent specifically formulated for commercial warewashing applications where aluminium and other soft metals are present. The advanced non-caustic, non-chlorinated formula effectively removes food soils, grease and stains from stainless steel, aluminium, crockery, cutlery and glassware while helping to protect delicate metal surfaces.

Suitable for use in both hard and soft water conditions, the formulation contains a built-in scale inhibitor to help minimise mineral deposits and maintain optimal machine performance. Designed for use through automatic dosing equipment, it delivers excellent cleaning results while helping to extend the life of commercial dishwashing equipment.

BENEFITS

- ✓ Non-caustic & aluminium safe
- ✓ Low-foaming, non-chlorinated formula
- ✓ Effective removal of food soils, grease and stains
- ✓ Suitable for stainless steel, aluminium, crockery, cutlery and glassware
- ✓ Performs effectively in hard and soft water conditions
- ✓ Leaves dishes, cutlery and glassware sparkling clean
- ✓ Economical concentrated formula
- ✓ Built-in descaler helps minimise scale build-up
- ✓ Suitable for all commercial warewashing machines

DIRECTIONS FOR USE

Auto Dispensing: Keep tank concentration 3-5ml/L water at 60°C (e.g. ½ cup for 25L tank).

Soak Cleaning: Prepare a solution using 2-10ml/L water.

PRODUCT AVAILABILITY

This product is available in 20L, 15L, 5L.

ENVIRONMENTAL ASPECTS

- ✓ PF- Phosphate Free
- ✓ Safe for septic tanks when used according to dilution instructions
