

# ADVANCED DESCALER

CODE NO: 145

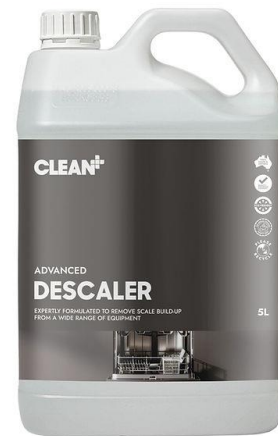

## DESCRIPTION

### EXPERTLY FORMULATED TO REMOVE SCALE BUILD-UP FROM A WIDE RANGE OF EQUIPMENT

**Advanced Descaler** is a highly concentrated acidic cleaning solution designed for commercial glassware and dishwashers, as well as removing scale build-up from a wide range of equipment.

It effectively removes scale and rust from stainless steel surfaces, improving brightness and functionality. This product is also effective in removing calcium deposits from drinking fountains and showers.

**Advanced Descaler** is a colourless liquid with no odour.

## BENEFITS

- ✓ Removes scale build-up and rust
- ✓ Brightens stainless steel
- ✓ Concentrated & fast-acting formula
- ✓ Multiple applications

## DIRECTIONS FOR USE

1. Empty the dishwasher and replace with fresh water. Let the water warm up to 60°C.
2. Pour 500mL of Advanced Descaler into the dishwasher and run the machine for 10 minutes. Pause the cycle and assess the outcome, particularly for heavily scaled or soiled machines.
3. Empty and rinse the dishwasher thoroughly. It is now ready for normal use.
4. For automatic machines, run consecutive cycles of 10 minutes each, if necessary.

## ENVIRONMENTAL ASPECTS

- ✓ Biodegradable surfactants
- ✓ Safe for food processing areas & septic tanks when used according to dilution instructions

## PRODUCT AVAILABILITY

This product is available in 5L, 15L & 20L
